E23Y Visa Kerja Tenaga Ahli Bidang Digital

Facts as at 13/10/2026

Who this is for

People coming to Indonesia for work as an expert in the digital sector.

At a glance

E23Y is Indonesia's work visa for digital experts. You can stay up to 180 days, 1 year or 2 years, and the stay can be extended. You may work under your employment contract, bring eligible family members, and travel in and out while your re-entry permit is valid. The visa must be used within 90 days of issue.
Who it is for: People coming to Indonesia for work as an expert in the digital sector.
Stay: Up to 180 days, 1 year or 2 years, depending on the option chosen
Validity: Stay of up to 180 days, 1 year or 2 years (extendable)

Why people choose it

Work visa for digital-sector experts. Listed on the official Indonesian visa index
detailed rules are not yet published there.

Eligibility

What you need to show: You need a passport valid for at least 6 months, proof of living expenses, and a document explaining the purpose of your visit, such as proof from the government labour authority.
Work: Work must follow your employment contract and match your stay permit.
Sponsor: You need a document explaining why you are coming, such as proof from the government labour authority, or proof from the relevant central or local government office if the government sponsors you.
Other conditions: You must follow your employment contract. Work that doesn't match your stay permit is not allowed, and neither is selling goods or services unless your job requires it.
Passport validity: 6 months
Work: Permitted to carry out activities related to digital expertise in compliance with employment contract; prohibited from doing work not in accordance with purpose

Documents

A passport valid for at least 6 months, proof of funds for your stay, a recent colour photo, a CV, a travel itinerary, and a document explaining why you are coming, such as proof from the government labour authority
