VIETNAM

Vietnam transit

Facts as at 07/10/2026

Who this is for

Travellers seeking short transit through Vietnam when a visa facility is required.

At a glance

Vietnam transit allows foreign nationals traveling to a third country by air or sea to stay in international port transit areas without a visa while awaiting connecting flights or during ship layovers. Travelers wishing to enter Vietnam for sightseeing or tours organized by international tour operators may be considered for a visa matching their transit duration. Those transiting by sea wishing to depart via a different border gate may be considered for a VR category visa.
Who it is for: Travellers seeking short transit through Vietnam when a visa facility is required.

Why people choose it

For airside or short transit when a visa is required.

Documents

Passport or international travel document
Ticket for transport matching the itinerary to a third country
Visa for the third country (unless visa-exempt)
